

Homework Tasks

Maths – We are using *MyMaths* for children to complete their homework tasks, log-in details have been given, and will be given out again on parents evening.

Reading – We suggest reading 10-15 minutes daily. This is to be logged in reading record books.

Spellings / Writing Task – Learn the correct spellings for spelling test. You can complete a paragraph using the spelling words or write some sentences using the words in context.

Additionally, to the above, you will find below a grid full of possible homework tasks to complete.

There are 9 to choose from and we would like to see that by the end of the term, you have completed at least 3 of them.

Take a look and try to choose the ones that you think will help you the most.

<u>GPS</u> Create one poster about one of the different word classes: nouns, verbs, adjectives, adverbs.	<u>Writing</u> Write a set of instructions for someone in your book on how to do something. It can be on anything you wish!	<u>Humanities</u>  What is a continent? How many continents are in the world? Which continent do we live on?
<u>Humanities</u> Research hieroglyphics from the Ancient Egyptian era. Create a message in your books using the hieroglyphics for a family member or friend to solve.	<u>RE</u> What is a promise? Write down one promise you will make with your family? Write it down and add images to help illustrate your promise. 	<u>GPS</u> a, an, the, these, those, that? Design an information poster to help someone understand when to use the correct determiner/article in a sentence. Is there a rule or clever way to remember?
<u>Science</u>  Create a human skeleton image using cotton buds or other materials. Which bones can you name on your skeleton?	<u>Maths</u> Complete a TTRS or a MyMaths task. How did you get on? Record your score in your book.	<u>Science</u> What are the main food groups that we need to eat to keep healthy? Draw an image of a good plate of food. Label your foods.

Homework books should be brought into school by Wednesday.
