Prayer of confession and contrition

Dear Heavenly Father

There are many things we do during our days which would not please you. Hurting or destroying your Creation, forgetting to treat others as we would like to be treated or allowing ourselves to have bad thoughts. We all know what we should be doing to make this world better and make everyone in it happy. We need to remember that everything we have is not ours forever. You put obstacles in our way for a reason so we can look harder to see the true meaning of life and love.

In your name

Amen
